

## *Wignalls Cabernet Merlot 2005*

### *Winemakers Notes*

Fruit driven, soft and voluptuous but not wimpy. 75% Cabernet Sauvignon and 25% Merlot has enhanced the style to be suited to most peoples palates. The nose is chocolate and spice with hints of plums and blackberries evident on the palate.

Approachable and easy to drink, this Cabernet Merlot is pleasing on the nose and soft, medium bodied on the palate.

This drink-now wine is perfect for that long lunch or as an accompaniment to a rich beef casserole on cold winter nights. Try it with some of your favourite cheddar and pepper crackers.
