

Wignalls Late Harvest Fronti 2007

Fruit Source: Great Southern

Fruit Variety: Chardonnay

Alcohol: 13.5%

Residual Sweetness: 20 grams per litre

The 2007 Fronti shows fresh, tropical fruits, has a medium bodied mouth feel and a delicate acid balance to work perfectly with the sweetness.

The wine was cool fermented to retain freshness and a subtle fruitiness and slightly sweetened with unfermented grape juice.

This wine can be enjoyed by most drinkers, with a front palate that is sweet and fresh and a dry finish.

A perfect complement to spicy Thai foods and creamy curries, as well as summer fish and chicken dishes.
